Dear Mr. Kopke:

I enclose Stipulations For Consent Judgment, Consent Judgments, and Schedules to Consent Judgment for certain The Detroit Edison Company ("Detroit Edison") and Michigan Consolidated Gas Company ("MichCon") cases involving primarily the value of gas distribution personal property or electric transmission and distribution property. These Stipulations are in the following jurisdictions:

Canton Twp.
Dearborn
Dearborn Heights
Detroit
Grand Rapids
Lincoln Park
Redford Twp.

River Rouge
Romulus
Southfield
Taylor
Trenton
Warren
Woodhaven
Ypsilanti Twp.

For certain jurisdictions, we have also included Stipulated Motions to Consolidate in order to more expeditiously resolve settlement in certain jurisdictions involving multiple parcels or parcels that became split during the pending years.

The enclosed Stipulations For Consent Judgment, Consent Judgments, and Schedules to Consent Judgment are from a sufficient number of jurisdictions to meet the numerical threshold in ¶5 of the Stipulations so that the Stipulations may be entered by the Tribunal.

Given the bulk of information, and our efforts to get this job accomplished with numerous parties by December 9, it is possible a Stipulation or a check may have been miscounted. If so, we apologize and request that you would contact me immediately so we can rectify the situation.

Please note that we are filing these documents immediately after receiving the Department of Treasury's signatures. We will be sending conformed copies of each Stipulation, Consent Judgment, and Schedule to Consent Judgment to each taxing jurisdiction when copying is completed. Each taxing jurisdiction is receiving email notification of this filing through a copy of this letter.

Thank you very much, and please also pass on our thanks to the Tribunal Staff for processing these numerous items.

Very truly yours,
